

2500P-ACP1: How do I get online help?

CTI Workbench includes a comprehensive user guide and reference manual in the on-line HTML Help file.

CTI Workbench Help is displayed by selecting "Topics" from Help menu. As an alternative, you can directly search for help on a topic by selecting "search" from Help menu:

The topics can be expanded to view the items that are included in each section.

This is a good starting spot for reviewing specific subjects:
